# INTERIM TITLE INDEX

- **carcinoma** and its biological properties. Brain-passaged large cell line of .....545
- Electrokinetic** properties of Yoshida sarcoma cells treated with antibodies .....69
- Endometrium**, non-malignant. Establishment of a new human cell line derived from .....549
- Esophageal tumors**, histopathological and ultrastructural studies on, in rats treated with N-nitrosopiperidine .....445
- Esterase**, non-specific, isozyme pattern of, during carcinogenesis .....187
- Ethanol** solutions and alcoholic beverages, test of, for carcinogenicity and tumor-promoting activity .....395
- DL-Ethionine** carcinogenesis in rat liver. Effect of lithocholic acid on .....239
- Fibrinogen**, autoradiographic study on localization of, in rabbit lung cancer ...367
- Fibrosarcomas**, primary, inhibition of the growth of, in rats with immune or non-immune spleen and lymph-node cells .....13
- Flow dichroism spectrum**, modification of, of rat liver nuclear DNA by *in vivo* alkylation with hepatocarcinogenic dialkylnitrosamines .....523
- Fluorene, 2-diacetamido-**. Effect of alloxan diabetes on hepatic carcinogenesis and cirrhosis in A×C rats given .....157
- 2-Fluorenylacetamide**. Histochemical analysis of hyperplastic lesions and hepatomas of the liver of rats fed .....207
- 2,7-Fluorenylenebisacetamide**. Histological and autoradiographical studies on intestinal tumors of rat induced by oral administration of .....471
- Friend virus**. Immunofluorescence studies on the transplantable rat tumor cells infected with .....253
- Gastric carcinoma**. Immunohistological studies on gastric mucosal glycoprotein in .....171
- , two major histological types of, among the fixed population of Hiroshima and Nagasaki .....381
- **mucosa**, intestinal metaplasia of, in autopsy materials in Hiroshima and Yamaguchi districts .....49
- **ulcer**, histology of, with reference to criteria of ulcer cancer .....1
- Glandular stomach** of rats. X-Ray diagnosis of cancer in .....225
- carcinoma in rats, induction of, by local application of 7,12-dimethylbenz[a]anthracene .....259
- Glycoprotein**, gastric mucosal, immunohistological studies on, in gastric carcinoma .....171
- Guanidine, N-methyl-N'-nitro-N-nitroso-**. Production of stomach cancer in dogs by .....67
- , ———, ———. Carcinoma of the colon and rectum of rats by rectal infusion of .....231
- Hamsters**, Syrian. Carcinogenic effect of N,N'-dimethylnitrosourea on .....321
- Hemangiomatous lesions** of mice treated with nitrosodimethylamine .....147
- Hepatectomy**, partial. Responsiveness of hyperplastic lesions and hepatomas to .....217
- Hepatic** carcinogenesis and cirrhosis, effect of alloxan diabetes on, in A×C rats given 2-diacetamidofluorene .....157
- Hepatocarcinogen**, mice given, and tumor-bearing mice. Isozymes in the liver from .....283
- Hepatocarcinogenic** dialkylnitrosamines. Modification of the flow dichroism spectrum of rat liver nuclear DNA by *in vivo* alkylation with .....523
- Hepatoma** and hyperplastic lesions of the liver of rats fed 2-fluorenylacetamide. Histochemical analysis of .....207
- and hyperplastic lesions, responsiveness of, to partial hepatectomy .....217
- , development of, in mice treated with benzene hexachloride .....431
- **AH-130** and liver. Difference of RNA population between .....31
- Hexosamine, N-acetyl-**, alteration in biological behavior of cultured mammalian cells induced by .....423

- Immune reactions**, evaluation of cell damage in, by release of radioactivity from <sup>3</sup>H-uridine labeled cells .....139
- **response** in tumor-bearing mice .....453
- Immunofluorescence** studies on the transplantable rat tumor cells infected with Friend virus .....253
- Immunosuppressive** agents, effect of, on antitumor action of lentinan.....131
- effect, lack of, of Bleomycin on the primary response of mice to sheep red blood cells .....267
- Immunosuppressor**. Progressive development of chemical carcinogen-induced skin tumor and of transplantable carcinoma with .....293
- Immunotherapy** and chemotherapy, combination of, to experimental tumors in rats .....57
- Inhibitory** effect of tumor-bearing blood on the incorporation of labeled leucine into tissue proteins .....373
- Intestinal metaplasia** of gastric mucosa in autopsy materials in Hiroshima and Yamaguchi districts .....49
- of stomach with Tes-tape. A novel method for detecting .....237
- **tumors**, histological and autoradiographical studies on, of rat induced by oral administration of N,N'-2,7-fluorenylenebisacetamide .....471
- Iodine**, effect of, on the carcinogenicity of 3,4-benzopyrene .....309
- Isozyme** pattern of non-specific esterase during carcinogenesis .....187
- in the liver from mice given hepatocarcinogen and from tumor-bearing mice .....283
- Karyotypes**, stemline, change of, in Yoshida sarcoma by appearance of peculiar marker chromosomes .....389
- Katsuobushi**, smoked fish. Polycyclic aromatic hydrocarbons in.....27
- Kidney**, brain, and other extra-mammary gland organs, induction of tumors in, by a continuous oral administration of N-nitrosobutylurea in Wistar/Furth rats .....495
- **tumors**, histopathological analysis of, in rats induced by chemical carcinogens .....435
- L-Strain cells**, acceleration of proliferation and tumor production rate of, by treatment with cigarette tar .....315
- Lentinan**. Effect of immunosuppressive agents on antitumor action of.....131
- Leucine**, labeled, incorporation into tissue proteins. Inhibitory effect of tumor-bearing blood on .....373
- Leukemia**, murine myeloid, mixed type, in the spleen, existence of, .....247
- , acute myelogenous. Manifold chromosome observations in .....301
- , 7,12-dimethylbenz[a]anthracene-induced, in mice. Determining rôle of age and thymus in pathology of .....407
